

Education

2006 – 2013 Study of Biology at University of Rostock

2012/2013 Diploma thesis (Zoology), topic: Diversity and Phylogeography of Australian *Triops* species (supervised by Prof. Dr. Stefan Richter)

Since 2013 PhD student at the Humboldt-University of Berlin, Department of Biology, Comparative Zoology (head Prof. G. Scholtz), topic: Evolution of the axis elongation of the Arthropods

Outside of Humboldt University Berlin

2013 Participation and talk: Diversity of Australian *Triops* species. 15th Crust-Tag, Greifswald, Germany

2014 Participation. 15th Annual Meeting of the Society of Biological Systematics, Dresden, Germany

Participation. 5th Meeting of the European Society for Evolutionary Developmental Biology, Vienna, Austria

Participation and poster: Live imaging the early development of the woodlouse *Porcellio scaber* – first shoots. 3rd International Congress on Invertebrate Morphology, Berlin, Germany

2015 Participation and poster: The early development of the woodlouse *Porcellio scaber* – first results. 17th Crust-Tag, Bremerhaven, Germany

Colaboratory visit of the Max Planck Institute of Molecular Cell Biology and Genetics, Dresden, Germany

Colaboratory visit and lab talk: Evolution of axis elongation of Arthropods. Lab of Ph.D. Ariel D. Chipman, Ecology, Evolution and Behavior, Hebrew University of Jerusalem, Jerusalem, Israel
