#GENERAL
- **ZOOM** is now available to all HU students and employees with ZOOM access (Link)
- Non-HU members should contact the SFB Office for access to ZOOM
- BIH offers a list of online resources during self isolation (Link)
- Check out the latest result of the month here (Link)

#PAPERS
- B05 - Propofol modulates early memory consolidation in humans (Link)
- A02 - Propagation of hippocampal ripples to the neocortex by way of a subiculum-retrosplenial pathway (Link)
- B03 - Biophysically grounded mean-field models of neural populations under electric stimulation (Link)

#GENDER
- The pandemic and the female academic (Link)

#OUTREACH
- B03’s (AG Obermayer) PhD, Caglar Cakan, introduces neurolib, a Python framework for easy whole-brain neural mass modeling (Link)

##ANNOUNCEMENTS

**SFB1315 (ZOOM) Lecture Series**
Contact SFB1315 Coordinator **Marylu Grossman**
- **12 May**: Monika Schönauer “Imaging memory consolidation in wakefulness and sleep” 4:00 PM (Link)
- **9 June**: Catherine Carr “Experience-dependent plasticity in the brainstem” 4:00 PM
- **16 June**: Nathalie Rochefort “Experience-dependent plasticity in neuronal circuits of the primary visual cortex” 4:00 PM

**BCCN PhD (ZOOM) Lecture Series**
Contact BCCN Teaching Coordinator **Lisa Velenosi**
- **6 May**: Benjamin Judkewitz
- **20 May**: John-Dylan Haynes
- **3 June**: Eckehard Schoell
- **17 June**: Benjamin Lindner
- **1 July**: Livia de Hoz
- **15 July**: Philipp Sterzer
